Surpasses $325 Million in Acquisitions

Joint Venture Closes Six New Investments

Newport Beach, Calif. and Minneapolis – June 24, 2014 – Isles Ranch Partners, LLC and Castlelake, L.P., today announced the joint venture completed six new real estate acquisitions during the first five months of 2014. Isles Ranch Partners and Castlelake, both alternative investment firms, formed a strategic joint venture in August 2012. Since its inception, more than $325 million has been committed to 28 transactions encompassing more than 7,600 lots. The six new acquisitions were closed with five different homebuilding or developer operating partners, four of which were new partners.

"We are excited to close three additional acquisitions in Northern California as we look to further increase our exposure in attractive submarkets in the region," said Tom Orradre, Managing Partner of Isles Ranch Partners.

"These new investments continue the momentum of our joint venture and highlight the diversity of our platform," stated Kevin Hackler, Managing Director and Portfolio Manager at Castlelake.

"The closing of our second deal in the Chicago market and first with Edward R. James Companies, a third-generation homebuilder, illustrates the importance of having strong, local operating partners,” added Neal Johnson, Managing Partner of Isles Ranch Partners.
